BRIEF DESCRIPTION

Breifne College has a long tradition of serving the post-primary needs of the mid-Cavan region; initially, in the early decades of the century, as a Technical School; later, as a Vocational School in Farnham Street; and since, 1974, providing comprehensive education in its modern complex on the Cootehill Road.

The aim of the School is to create the conditions in which students can achieve their full potential-intellectually, morally, physically, culturally, socially-and acquire the highest standard of personal and academic excellence. The distinctive blend of academic, cultural scientific and technological subjects, which the School provides in an attractive, well-ordered environment, offers young people ideal preparation for meeting the demands and challenges of this modern, fast-changing world. Breifne College is a co-educational, multi-denominational equal opportunities school where religious and moral education are integral parts of the curriculum.

High standards of behaviour and work are expected from all pupils. A system of Year Heads and Class Tutors exists to promote a good learning atmosphere and to cater for pastoral needs. An active and supportive Parents Association helps to keep

parents informed in a changing educational scene. The highly professional experience of over 50 ensures a wide range of expertise and academic talent which meets the needs of the modern age.

Breifne College works to create an open, friendly atmosphere which stimulates each student to achieve his\her potential.
