CURRICULUM

Junior Cycle

A young person who feels valued within the school community is more likely to stay in school. The development of a positive relationship between the young person and the teachers is central to this. All student classwork, activities, and extra-curricular work, is recorded in an individual JCSP Student Folder. The JCSP funds many initiatives in the college, from outdoor pursuits, to music and film studies. The JCSP Library and Librarian are at the heart of the college. The Library hosts many workshops, like Animal Magic and History Live, and is the hub of literacy and numeracy work. The JCSP gives each student an enriched experience of school, and, through end-of-term celebrations of student work, enhanced confidence and encouragement.
