# **SYLLABUS**

## **Junior Cycle**

In keeping with our philosophy that students should have a broad range of choices the Junior Cycle subject options are broad. All students study core subjects Gaeilge, English, Mathematics, Science, French or German, History, Geography, C.S.P.E., S.P.H.E., Religious Studies, Physical Education, Computers. Students are required to choose two more subjects from the following list, Business, Technical Graphics, Material Technology (Wood), Metal work, Art, Music and Home Economics.

Students are assessed on an on-going basis and, in addition, parents receive two formal assessments during the year. Our school also offers the Junior Certificate Schools Programme

## **Senior Cycle**

The Leaving Certificate Course is a two year programme culminating in a final examination. Students will study seven subjects to Leaving Certificate. Gaeilge, English, Mathematics, together with four subjects from the following list; Applied Maths, History, Geography, French, German, Home Economics, Business, Accounting, Economics, Art, Physics, Biology, Agricultural Science, Chemistry, Engineering, Construction Studies, Design and Communication Graphics and Music. The non-examination subjects Religion, Career Guidance and Physical Education are also taken by students. Students, who qualify, can also complete the Leaving Certificate Vocational Programme (LCVP) which incorporates modules in Enterprise Education, Preparation for the World of Work, Work Experience and a modern language.

## **Transition year**

Our Transition Year Programme is compulsory and is designed to enhance our students' critical thinking ability, to develop self-directed learning to promote maturity and allow the students the opportunity to engage in a variety of community and business initiatives.

The Transition Year Programme prepares our students for the many academic challenges that the Leaving Certificate Programme demands.

## Additional Information

Coláiste Chill Mhantáin is a newly designed, state of the art learning facility. The accommodation for students and teachers ensures a warm, comfortable, clean and resource laden learning environment. Currently our school has five science laboratories, three ICT Rooms, a guidance suite, a full size gym and fitness suite. There are two fully fitted Home Economic rooms and both a Design and Communication Graphics room plus a Technical Graphics room. We have three Woodwork/Construction Studies rooms and two engineering rooms. Our library is fully stocked and we have the use of three Art Rooms.

The accommodation schedule is one of your child's greatest resources in our school. These rooms ensure teaching and learning takes place in an optimal setting which affords the student a greater experience of a particular subject. Our general classrooms are equipped with a data projector and internet access. There are also specialist Maths and Geography rooms. Finally our Meditation Room provides an opportunity for some time of reflection.
