## BRIEF STATEMENT

Inver College is a co-educational, multi-denominational school which caters for students of all abilities. We aim to develop all the students' skills - academic, practical, sporting and interpersonal – and to prepare them to become mature, responsible and considerate members of society.

We endeavour to make our school community a place where young people feel accepted and are allowed to exercise appropriate responsibility, as well as the spiritual, intellectual and physical potential of each individual is recognised and respected. At our school staff, parents and students co-operate for the common good. Inver College mirrors the community it serves, in that young people of different backgrounds, religions and abilities are educated together in a co-educational, Christian atmosphere.

Our aim is to foster the full human potential of students enabling them to grow and become balanced, responsible persons who can take their places in life to the best of each one's ability.
