BRIEF DESCRIPTION

The school is governed by a Deed of Trust which charges it with the mission of providing a system of comprehensive education to suit the talents of all the children of the area, and of contributing to the spiritual, moral, mental and physical well-being and development of the community which it serves.

We in this school are committed to this mission and the ideals which it embodies; we aim constantly to provide the best possible educational service to our community by combining elements from both traditions out of which our school sprung. We have set up a comprehensive programme geared to all aspects of pupil development, and are constantly seeking to improve it. We are proud of this programme, and of the levels of academic and extra-curricular success which our pupils have achieved.

Transition Year

Transition year offers students a broad educational experience TY students are actively involved in new methods of learning based on work both in and outside the classroom. They are taught to think for themselves and develop problem solving skills, Transition year has been provided in Mountmellick Community School since September 2015 and has been very successful and very popular. Students sample all Leaving Cert subjects during the year, complete work experience each week and are involved in many projects including Gaisce Presidential Awards, ECDL and First Aid.
