BRIEF DESCRIPTION

Moyne Community School is a multi-denominational, co-educational school with a comprehensive range of subjects and first class modern facilities. The school has always been renowned for its warm friendly atmosphere, based on a relationship of mutual respect between teachers and pupils.

The Pastoral Care Programme offered by the school ensures the development of the student in a holistic manner. This programme is anchored in the guidance counselling and chaplaincy services.

The Roman Catholic and Church of Ireland Chaplains work in co-operation to ensure the spiritual and pastoral needs of all the students are met. The Mentoring Programme is designed to facilitate the smooth transition of new pupils from primary school into first year. The Mentors are recruited from amongst the senior year and their role is to assist, guide, inform and 'watch out' for first years to ensure that they settle into the school and are happy here.

TRANSITION YEAR CURRICULUM

The Transition Year Programme promotes the personal, social, vocational and educational development of students and prepares them for their role as autonomous, participative and responsible members of society (Transition Year Guidelines, 1994, Department of Education).

It is a unique one year programme for students who have completed the Junior Certificate. It provides a bridge to enable them to make the transition from the more dependent type of learning associated with the Junior Certificate to the more independent learning environment associated with the Senior cycle.

It encourages personal and social development and recognises the need for students to grow in independence.

Transition Year fosters academic achievement as students prepare for a Leaving Certificate programme, further study and adult and working life. It encourages the development of a wide range of transferable critical thinking and creative problem-solving skills.

SENIOR CYCLE CURRICULUM
